

## WGBCC Interagency Situation Report Preparedness Level 3 as of 07/12/05 at 1930 hrs.

**Current Situation:** Initial attack activity was minimal, 2 new fires reported for 5 acres.

<u>Outlook:</u> Near record heat expected tomorrow. High pressure continues to build across the southwestern states, bringing very hot temperatures, sunny skies and light winds with gusts to 20 mph throughout Nevada. Some afternoon cloud buildups over the Sierra could lead to isolated thunderstorms over the extreme west, while isolated afternoon thunderstorms are expected in northern Elko County. High temperatures will range from 80-120° statewide, with relative humidities from 3-14% in the valleys and 7-18% in the mountains.
